TIME HONOURED TRADITIONS

SINCE 1880, KENDRICK HOMES HAVE BEEN CRAFTING EXCEPTIONAL LIVING SPACES, A TRADITION BEGUN BY WILLIAM KENDRICK AND NOW PROUDLY UPHELD BY THE FIFTH AND SIXTH GENERATIONS OF THE KENDRICK FAMILY.

For over 140 years, we have made our mark on villages, towns and cities in numerous classical architectural styles. We have built everything from schools and hospitals to grand municipal buildings and a Victorian Arcade. In the Victorian tradition, our homes are designed with character and made to endure. Every brick laid continues that tradition of building homes that stand the test of time and with a deep pride in a job well done.

Our homes of today – designed from start to finish by our in-house design team – are informed by our heritage and are married with an interior style which evolves with the demands of modern living. Our developments have ranged from natural stone cottages and Tudor-style mansions to oak-fronted barns and modern townhouses. A time-honoured passion for perfection, craftsmanship and personal service are the traditions that guide our building of your new home.

CLASSICAL PROPORTIONS, ENDURING STYLE

Luxury is our standard and the finishing touches are what makes a Kendrick Home stand out. We design and build flexible and considered rooms that can be furnished in any number or ways and used for different purposes. We build the house, you make it a home.

We design and build flexible and considered rooms that can be furnished in any number or ways and used for different purposes. We build the house, you make it a home.

EXCLUSIVE LIVING

CREATING COMMUNITIES IS AT THE CORE OF WHAT WE DO, WE FOCUS ON SMALL AND MEDIUM SIZED DEVELOPMENTS TO ACHIEVE THIS. WE CELEBRATE THE INDIVIDUAL STYLE THAT EACH OF OUR HOME OWNERS BRING!

Our developments strive to deliver unique homes on fantastic plots. We seek to maximise open spaces for walking, playing and enjoying the private surroundings. Every lane, street and avenue on a Kendrick Homes development sees a variation of house styles, architectural details and elevational materials. Character is paramount.

We believe in creating spaces where families can grow, thrive, and create lasting memories.

SUSTAINABILITY

FROM INCEPTION TO COMPLETION, FROM DESIGN TO CONSTRUCTION TO LIVING, WE ARE COMMITTED TO REDUCING THE ENVIRONMENTAL IMPACT OF OUR HOMES.

We focus on clean electricity-generating technologies and integrate innovations in energy and heat efficiency to make your home more efficient and affordable to run. By carefully considering every stage of construction and collaborating closely with our supply chain to use the most sustainable materials, we ensure a greener future for you and the wider environment.

ENRICHING THE ENVIRONMENT

Our development in Inkberrow endeavours to enrich both the biodiversity within Ambridge Fields and enhance the services and infrastructure in the wider community. We'll be providing over £300,000 towards the local area.

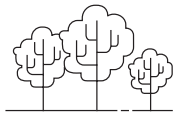

WILDLIFE SUPPORT

PUBLIC OPEN SPACE

WILDFLOWER MEADOW

A NEWLY ESTABLISHED GROVE

OUR TREE PLANTING PLEDGE

We help nature grow every time we build – by dedicating a newly planted tree in the National Forest for every home we construct. Strengthening woodland habitats, helping wildlife flourish and bringing people joy.

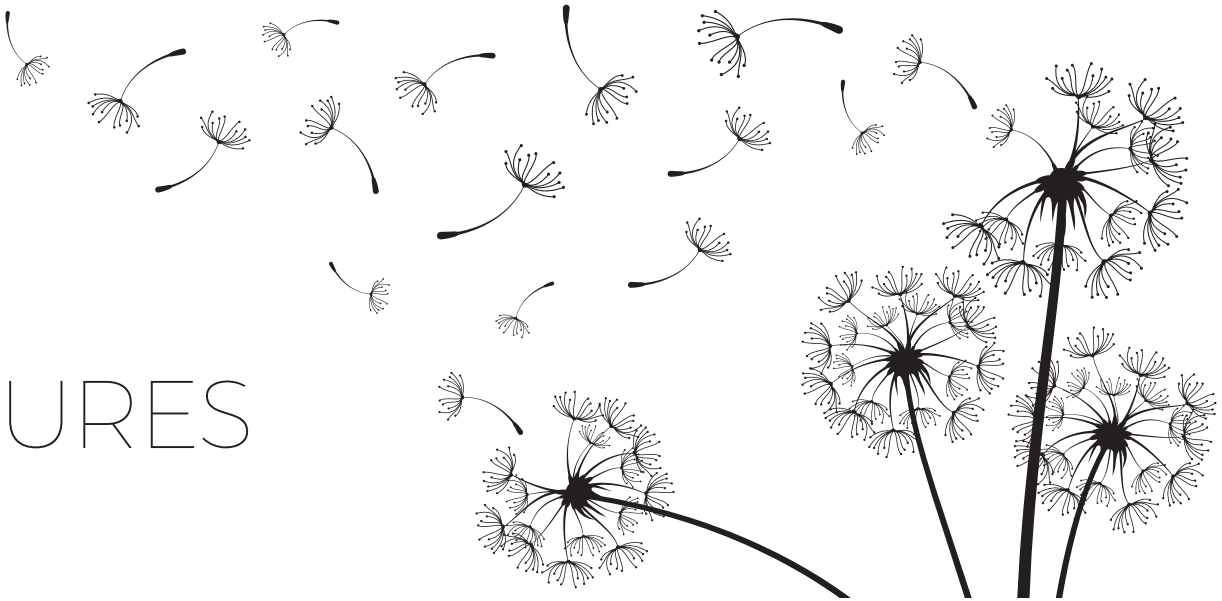

FUTURE PROOFED

THOUGHTFULLY DESIGNED FOR A SUSTAINABLE FUTURE.

We design and build homes with your future and the environment in mind. Our commitment to sustainability means we use eco-friendly materials and incorporate advanced technology to ensure your home remains energy-efficient and cost-effective for years to come.

Predicted energy efficiency rating B for all properties at Ambridge Fields.

OUR ENERGY EFFICIENT FEATURES

LOW ENERGY LIGHTING WITH LED TECHNOLOGY

Energy efficient lighting helps lower electricity bills and carbon dioxide emissions without reducing the quality of light in your home.

HIGH PERFORMANCE INSULATION

A typical house with no insulation loses 33% of heat through its walls and 25% through the roof. To combat this we install high performance insulation in our homes to keep you warm and reduce energy loss.

COMPOST AREA, RECYCLING BINS & RAINWATER BUTT

Where possible we ensure there are specific areas set outside for composting and recycling to help you do your bit for the planet. In addition we'll supply a rainwater butt to collect and store water to use in the garden.

HIGH PERFORMANCE UPVC, DOUBLE GLAZED WINDOWS

Energy-efficient glazing keeps the warmth inside your home, leading to a reduction in energy bills, and adds soundproofing from the outside world.

AIR LEAKAGE TESTED

Our homes are tested for air leakage to understand the air movement between the inside and outside of the building, eliminating cracks and gaps while ensuring proper ventilation.

PHOTO-VOLTAIC PANELS

Capture the sun's energy and convert it into electricity that you can use in your home. PV panels are included on every property on this development.

THERMOSTATICALLY CONTROLLED RADIATOR VALVES

Self-regulating thermostatic radiator valves (TRVs) are used on radiators to control the air temperature in a room and help to adjust your heating perfectly.

ELECTRIC CAR CHARGER

Charge your electric car at home with our dedicated home car charging points. This is not only convenient but works out cheaper than filling up a traditional petrol or diesel car.

ENERGY EFFICIENT APPLIANCES

We only install appliances in your home that are energy efficient, ensuring low running costs for your new home.

AIR SOURCE HEAT PUMP

Included on every property at this development, air source heat pumps are an alternative way to heat your home. This technology takes the warm air from outside and uses it to heat your home inside.

TEMPERATURE MANAGED COMFORT

Intelligently designed windows and modern ventilation technologies to help manage the temperature in your home.

UNDERFLOOR HEATING

Multi zone underfloor heating on the ground floor, giving a comforting warmth underfoot.

WORCESTERSHIRE

LOCATED AT THE HEART OF ENGLAND, WORCESTERSHIRE IS ONE OF ENGLAND'S MOST BEAUTIFUL COUNTIES FULL OF FANTASTIC OPPORTUNITIES TO ENJOY THE GREAT OUTDOORS AS WELL AS EXPERIENCE THE UNIQUE HERITAGE THAT BRITAIN HAS TO OFFER.

The City of Worcester is the jewel in the crown of the county with the dramatic cathedral rising out of the city landscape nestled alongside the River Severn. One of the oldest cities in England, Worcester also boasts a fantastic programme of arts, festivals and cultural events.

Elsewhere in the county you can enjoy shopping in the picture-postcard town of Broadway in the south, take in the views from the magnificent Malvern Hills in the west or explore beautiful riverside towns such as Evesham, Upton, Stourport and Bewdley – all with a story to tell. Canals and rivers can provide a backdrop for a relaxing stroll through the countryside or else you can step back in time with a ride on the Severn Valley Railway in the north of the county celebrating 60 years of heritage travel in 2025.

EXCEPTIONAL SCHOOLS

There is a range of good educational options throughout Worcestershire.

Inkberrow benefits from an excellent local village Primary school but there are many others within five miles.

The closest Secondary schools include Alcester Grammar and Studley High School which are both Ofsted-rated outstanding and further choices in Worcester include the award-winning King's School and popular Royal Grammar School as well as Tudor Grange Academy and Nunnery Wood High School.

INKBERROW

REGULARLY CELEBRATED AS ONE OF THE PRETTIEST VILLAGES IN ENGLAND WITH SLEEPY STREETS AND A QUAINT VILLAGE GREEN, INKBERROW WAS ALSO THE INSPIRATION FOR THE LONG-RUNNING RADIO 4 SOAP OPERA KNOW AS THE ARCHERS.

There are some excellent local amenities including St Peters Church, local village shop and post office, a doctors' surgery, local primary school and good sporting clubs and facilities all adding to a strong sense of community and reinforced recently by a summer music festival dubbed as 'Galstonberrow'. There are also two excellent pubs with very similar names (The Bulls Head and the Old Bull) and several others within a 5-mile radius.

Inkberrow is surrounded by rolling countryside and there are numerous footpaths and bridleways that criss-cross this part of the county allowing endless opportunities for walking, cycling or horse-riding and to enjoy the beautiful landscapes available on the doorstep.

STAY CONNECTED

AT AMBRIDGE FIELDS, YOU CAN EXPLORE THE GREAT OUTDOORS RIGHT ON YOUR DOORSTEP, BUT ARE STILL CLOSE TO THE CITY OF WORCESTER WITH EXCELLENT COMMUTING OPTIONS.

Located in the heart of Worcestershire on the A422, the village of Inkberrow occupies a rural location and lies between Alcester, Redditch and Worcester. The M5, M40 and M42 are all very accessible for easy commuting by road and Birmingham Airport is around 40 minutes by car.

For rail travel, the closest stations can be found at Evesham, Pershore and Worcester with the direct service to London from Evesham taking just over an hour and three-quarters.

Connectivity doesn't stop at local infrastructure – your new home will help you stay connected via gigabit fibre at speeds of 900mb+

WELCOME TO AMBRIDGE FIELDS

The Ambridge Fields development at Inkberrow presents a beautifully designed collection of 1, 2, 3, 4 and 5 bedroom homes, with properties available through the Discounted Open Market Value (DOMV) scheme – helping local buyers secure a brand-new home.

Nestled in a quiet spot off Withybed Lane on the western side of Inkberrow village, Ambridge Fields features a wide range of homes, including some delightful bungalows, all in a private location alongside areas of public open space.

This development continues our tradition of creating beautiful homes in desirable locations where high-quality external materials blend seamlessly with the surroundings.

Experience the impeccable Kendrick Finish, where every detail reflects our commitment to quality and harmony with nature.

DOMV HOMES

WHAT ARE DISCOUNTED OPEN MARKET VALUE (DOMV) HOMES?

Discounted Open Market Value (DOMV) homes are brand-new 1 and 2 bedroom properties sold at a fixed percentage below their full market value, making home ownership more achievable for buyers who want to live in the area.

At Ambridge Fields, eligible purchasers can buy a Kendrick Homes home at a reduced price, with the discount protected through a legal agreement. This helps ensure the home remains affordable for future buyers and supports long-term, balanced local communities.

DOMV homes are built to the same layouts, specifications and quality standards as our open market homes. The only difference is the price you pay.

How it works

Choose Your Home: Browse our range of eligible properties available under the DOMV scheme. Each home is handpicked to ensure it meets our quality and value standards.

Discounted Pricing
The price of each home in the scheme is discounted by up to 30% off the market value. This discount is designed to reduce the financial barriers to owning a home.

Eligibility Criteria
To qualify for the scheme, certain criteria must be met. These criteria ensure the scheme benefits those who need it most:

- Must be a first-time buyer or have a demonstrable housing need.
- Must meet local authority requirements, which may include living or working in the area.
- Must agree to maintain the property as your primary residence.

Application Process
Apply through our simple and straightforward process. Our dedicated team is here to guide you every step of the way, from application to handing over the keys to your new home.

Frequently Asked Questions

Q: Who is eligible for the DOMV scheme?
A: Eligibility is determined based on criteria such as first-time buyer status, local residency or employment, and specific local authority requirements.

Q: Can I sell my home purchased under the scheme?
A: Yes, but resale must comply with scheme conditions, ensuring the property remains affordable for future eligible buyers.

Q: How much discount can I expect?
A: Discounts typically range up to 30%, depending on the property and local market conditions.

Q: How do I apply?
A: Contact our sales team or visit our website to start your application. We will guide you through each step of the process.
